

Guernsey 480w solar panel

The panel is part of the Nexa Plus Series, which prioritises module efficiency and reliability. The inclusion of TOPCon N-Type cells helps to boost the performance and efficiency of the panel, while reducing the LID and LeTID effects.

Guernsey's Largest Solar Energy Scheme Installed! The Little Green Energy Company have just installed 309 roof mounted solar panels with Guernsey Electricity Limited on the power station, Northside, Vale, creating the largest solar array in the Channel Islands, generating over 100kWp of ...

From a few panels to four panels or more and typically 6 to 10 panels, you can maximise your generation by maximising your roof spaces. By design, we take care of the movement of the sun over the day and any shading that may occur.

In a joint project between Guernsey Electricity and Guernsey Post, this array of 654 panels on the roof of the Guernsey Post Headquarters is one of the largest solar photovoltaic (PV) systems in the Channel Islands.
