Wadi Noor Solar Power Company(WNSPC) is the culmination of a shared vision between two passionate investors who are committed to Oman sustainable transformation and the global journey towards net-zero emissions. Founded by EDF Renewables Middle East and Korea Western Power Co Ltd (KOWEPO), Wadi Noor Solar Power Company embodies their joint ...

Wadi Noor Solar Power Company celebrates a groundbreaking event for the 500 MW Manah 1 Solar PV Power Plant in Oman, a project aligned with Oman's sustainability goals. EDF Renewables and Korea West Power Company are the driving forces behind this significant solar venture, set to power 50,000 homes and reduce CO2 emissions by over ...

At Wadi Noor Solar Power Company (WNSPC) our mission is to support Oman sustainable transformation by harnessing solar energy to achieve net-zero emissions. We are dedicated to advancing solar technology, fostering local talent, and collaborating with communities to create a greener and more prosperous nation.

At Wadi Noor Solar Power Company (WNSPC) our expertise lies in harnessing the sun brilliance to create a sustainable energy future. As pioneers in photovoltaic solutions, we specialize in conceiving and operating cutting-edge PV solar plants that convert sunlight into clean electricity.

The project, dubbed "Manah-1 Solar IPP", is being implemented by Wadi Noor Solar Power Company set up as a partnership of leading French developer EDF Renewables and Korea Western Power Co Ltd (KOWEPO), a wholly-owned power generation subsidiary of the state-run Korea Electric Power Corp (KEPCO).

MUSCAT: Newly launched Wadi Noor Solar Power Company (WNSPC), the joint venture undertaking the implementation of a new 500 MW solar PV based Independent Power Project (IPP) at Manah in Al Dakhiliyah Governorate, has named Eng Yahya al Rawahi (pictured) as its new Chief Executive Officer (CEO).

The Sultanate of Oman has embarked on a number of projects to achieve this goal, one of them being the Manah 1 solar photovoltaic project implemented by the Wadi Noor Solar Power Company (WNSPC), a special purpose vehicle established by a consortium comprising EDF Renewables and Korea West Power Company (KOWEPO).

The power project will use PV (photovoltaic) technology to produce electricity for transmission and distribution in the MIS (Main Interconnected System) grid. The solar power plant will span over 7.8 square
