In this exhibition, Austa, as Osda's overseas sub-brand, presents N-type TOPCon double-glass high-efficiency PV modules, energy storage inverters, household light + storage integrated off-grid systems, and overall solutions at booth B6-054.

Austa Solar, founded in 2009, is a leading high-tech enterprise dedicated to the research, development, production, and sales of photovoltaic products, including solar modules, silicon rods, and cells. The company demonstrates its commitment to renewable energy solutions with a robust annual production capacity of 2 gigawatts.

In the first year of 2024, Austa's Energy Storage Division, according to market demand, empowered products with a new technological platform and built a green life with zero-carbon technology. This time, Austa's Energy Storage Division launched a new ?Integrated Solution for High-Voltage Energy Storage Systems in All Scenarios?.
