

How many solar thermal heaters does Huang Ming produce a year?

Huang Ming's Himin produces all-glass vacuum tubes, solar water heaters, PV lighting, solar-thermal high-temperature power generation, and solar architecture. As of 2011, Himin Solar produces 2 million m² solar thermal heaters every year. In total by 2011, it has produced 10 million m².

Who is Huang Ming?

Huang Ming is a visionary, dedicated, and passionate entrepreneur and change-maker in the field of solar thermal energy. Huang was instrumental in getting the Renewable Energy Law passed in China in 2005, which took effect in the year after, thus building a strong case for his country to take a leading role in preventing growing climate chaos.

Does China still use solar energy?

Half of China's population now use solar energy and the country makes the most solar heaters and panels in the world. But with this adding up to just 1% of the world's energy consumption, Huang Ming believes there's so much more still to be done. China Icons meets Huang Ming If playback doesn't begin shortly, try restarting your device.

Who is Himin Solar?

Himin Solar Co., Ltd is a global leader in the solar industry. The Himin brand was presented with the honor of being a "Famous Trademark" in China and China's "Environmental Label Product".

What did Huang Ming do in the 80s?

Huang Ming worked in the oil industry and the Dezhou area was farmland. The 80s was a decade that changed Huang Ming's life. In 1985, recently married, Huang Ming took his new wife to his grandmother's home in Wuxi, on the journey regaling her with tales of the beauty of the city's Tai Lake.

How many solar water heaters are installed in Dezhou?

Integrated solar thermal or photo-voltaic technology are in 95% of new buildings and solar water heater use in Dezhou exceeds 3 million square metres, approximately equal to the total amount installed in the EU and twice that of the US, according to the International Renewable Energy Agency.

Huang Ming (Chinese: 黄鸣; born 1958) is a Chinese solar energy researcher and entrepreneur. He established the solar water heater manufacturing company Himin Solar, which was central in the development of the Solar Valley in the city of Dezhou. He was a deputy to the 10th and the 11th National People's Congress. He drafted the Law on Renewable Energy and united other representatives in support of it. As a politician he has played...

paper, the objective was to predict solar power generation on a rolling basis for 24 hours ahead, for three solar

power plants located in a certain region of Australia (the exact location of the solar ...

where P_{PV} is the power output of a PV array, n_p is the number of PV arrays in parallel, n_s is the number of PV arrays in series, V_{pv} is the output voltage of a PV array, I_{ph} is the output current of a PV array, I_{sat} is the ...

International Journal of Electrical and Computer System Design, ISSN: 2582-8134, Vol. 05, pp.43-47 Authors Name Page.No Figure 1 Block diagram for solar power generation Figure 2 ...

Dear Fellow Entrepreneur, Meet Huang Ming, a simple man that has become extraordinary because he's an avid social entrepreneur that has built one of the most successful solar / renewable energy companies in the world. His ...

Tailoring of a Piezo-Photo-Thermal Solar Evaporator for Simultaneous Steam and Power Generation. Cong-Han Huang, Cong-Han Huang. ... Thus, this membrane serves as an ocean wave power generation device that can provide all ...

Himin owns core technologies such as: interference coating, solar thermal power generation and sea water desalination solutions. In 2009, Himin proposed a world leading solar technology: Solar 3G which includes many functions such as: ...
