

# Inverter battery price in Lithuania

Are Amaron Inverter Batteries A good choice?

Amaron inverter batteries are compatible with any brand of inverters available in the market, so you are never at a loss for power. When you buy an Amaron inverter battery, you enjoy a completely hassle-free experience as the battery uses a high heat resistant calcium/ultra modified hybrid alloy for its grids which makes it zero-maintenance.

What type of battery is used in a home inverter?

Flat Plate battery: Flat plates are one of the most common types of batteries used in home inverters. These are also some of the cheapest ones. The Lead plate uses in these batteries are Flat in construction but the dimension of them is almost identical to short tubular batteries.

What are the different types of Inverter Batteries?

Batteries are available in different capacities and can be produced by different technologies. A 150Ah, 100Ah and 200Ah rated inverter batteries are the most common size of battery available in the market. They are available in tall-tubular, tubular [also known as short tubular], Flat plate and Gel.

Which battery should I choose for my inverter?

Choose either a 150ah battery all the way up to a 200ah inverter battery. As India's leading brand for inverters and batteries, Amaron supports you with a dedicated team of professionals, always on standby to guide, assist, and answer your queries. With service centers nationwide, you're never too far from expert help.

Why is it important to charge gel batteries with a normal inverter?

And the reason why it is important is that gel batteries required a little high voltage to charge as compared to other lead-acid batteries. Charging Gel batteries with normal inverters will end you up with semi charged battery. And you won't be able to use the full capacity of the battery.

How to choose a gel battery for your inverter?

Before buying Gel batteries, you need to confirm first that your inverter has a Gel battery charging option. And the reason why it is important is that gel batteries required a little high voltage to charge as compared to other lead-acid batteries. Charging Gel batteries with normal inverters will end you up with semi charged battery.

Choosing an inverter battery combo has never been easier. Use the Amaron inverter battery price list to select the inverter and battery models that fit your needs. Choose either a 150ah battery all the way up to a 200ah inverter battery.
