

Ireland innovative solar solutions

Who is solar Ireland?

The much-awaited day has dawned. Your premier destination for reliable and efficient solar solutions. Join us in the renewable energy revolution and embrace a brighter, sustainable future with Solar Ireland. We aim to guide individuals and businesses away from the darkness of fossil fuels and towards the light of sustainable solar energy.

What can solar Ireland do for your farm?

Grow your harvest of savings and sustainability with Solar Ireland's agriculture PV systems, cultivating a brighter future for your farm with renewable energy solutions. Discover the transformative power of innovative and natural solutions for a greener energy future.

Why should you choose solar Ireland?

Power up your home with Solar Ireland's top-notch solar PV installations, harnessing the sun's energy for a greener and brighter future. Elevate your business's energy efficiency and cost savings with Solar Ireland's cutting-edge commercial PV solutions, delivering sustainable power for a brighter and more profitable tomorrow.

Who are solar structures Ireland?

We at Solar Structures Ireland are experts in designing and fabricating innovative structures to hold Solar PV panels. From Domestic Car Ports and Pergolas, to commercial rooftops and Car Canopies to bespoke solutions, we are your Solar Structure partners.

How has solar impacted Ireland's energy security?

More recently, these blockages have largely been addressed, including removal of VAT and scaling up of grants. The Irish Solar Energy Association (ISEA) has charted solar's remarkable growth and impact in easing dependence on fossil fuels, and our precarious lack of energy security.

Are solar panels a good investment in Ireland?

Although Ireland may not see as much sun as other parts of Europe, PV panels work from irradiance rather than direct sunlight. So even in Ireland, solar PV can be a really great way to make savings on electricity and reducing your carbon footprint. With the right system design, you can expect up to 75% savings on your home energy costs.

We have the solution for homes with limited roof space. Our solar veranda solutions are designed to give you a useable outdoor space, while generating clean green electricity. Check out our 2KWp, 5 panel solution, ideal for schools, offices, businesses and homes. Talk to us at Solar Structures Ireland, the home of solar structures in Connemara.
