

Israel flyfine energy

Who is flyfine digital energy?

Flyfine digital energy co.,ltd is a professional manufacturerspecializing in the development and production of lithium batteries and energy storage systems with more than 15 years of battery industry experience.

What energy storage products does flyfine offer?

FLYFINE provides residential energy storage products,including energy storage batteries,inverters,photovoltaic panels,etc. These products can also achieve peak shaving, valley filing, and electricity bill management through solar or grid energy storage.

What is flyfine energy management system?

FLYFINE provides photovoltaic modules, energy storage battery systems, power transformers, integrated EV charging stations, energy management systems, and other products. It mainly uses energy management systems to adjust energy collection and output reasonably.

What is a flyfine energy storage battery?

Flyfine has designed the energy storage battery to be modular to meet more home users' demand for power storage, with a maximum expansion capacity of 80kwh; it allows users to expand the battery capacity at will, significantly improving the battery's flexibility.

Why did flyfine expand its production base area?

In recent years, Flyfine has expanded its production base area to 15,000 square meters to introduce more large-scale automated production equipment and increase the original workshop production efficiency by more than 30%.
