

Israel neton power

Who is Neton power?

At NetOn Power we are part of Quantum Energy Partners, a large global investment firm with over \$18 billion invested in energy, through vehicles such as its renewable energy platform 547 Energy. NetOn Power is backed by 547 Energy, a global platform specialising in renewable energy and the green economy, powered by Quantum Energy Partners.

How does Neton power work?

For groups of companies located on the same industrial estate, NetOn Power offers industrial energy community solutions. In this case, customers share the energy produced by the same self-consumption facility, located either on their roofs or ground-mounted in their immediate vicinity.

Did Hassan Nasrallah threaten Israel with a 'total war'?

(Hezbollah Media Office /AFP) Hezbollah leader Hassan Nasrallah in a speech commemorating that slain commander, threatened Israel on Wednesday with "total war," adding that the Shiite terror group does not seek a complete escalation with Israel but will continue to act in support of Hamas.

Is Israel prepared for a war with Hezbollah?

Israel is not prepared for the damage its electricity infrastructure would sustain if a full-scale war were to break out with Hezbollah, the head of the company responsible for planning the country's electrical systems warned on Thursday, though he later cast that remark as "irresponsible."

Is Israel ready for a war?

"We are not in a good situation, and we are not prepared for a real war. We are living in a fantasy," said Shaul Goldstein, who leads Israel's Independent System Operator Ltd, known by its Hebrew initials NOGA. "We cannot promise electricity if there is a war in the north. After 72 hours without electricity, it will be impossible to live here."

Does Israel import natural gas from Egypt?

Historically, Israel has imported natural gas through the Arish-Ashkelon pipeline from Egypt. Egypt is the second-largest natural gas producer in North Africa. In 2005 Egypt signed a 2.5 billion-dollar deal to supply Israel with 57 billion cubic feet of gas per year for fifteen years.

NetOn Power offre soluzioni complete di autoconsumo energetico ad aziende industriali, basate su PPA on-site. In questo modo il cliente non deve sostenere alcun investimento, accedendo a consistenti risparmi sulla bolletta elettrica e con un prezzo dell'elettricit  stabile e garantito nel lungo periodo (solitamente tra i 10 e i 20 anni).
