

# Latvia enersys genesis

EnerSys is the world's largest industrial battery manufacturer with manufacturing and assembly plants located around the world, over 7,000 employees, and a worldwide sales and distribution network. A leader in both valve-regulated and flooded lead acid battery technologies, EnerSys is a major supplier to telecommunications,

Main Menu ENERSYS

Genesis XE batteries are manufactured with Thin Plate Pure Lead (TPPL) technology, packing enormous power in a smaller footprint, making them ideal for custom applications where space is of the utmost importance. Genesis XE batteries are found in alternative energy applications such as solar and wind power, and Hybrid Electric Vehicles (HEV).

With high energy density, excellent performance in either float or cyclic applications, and long service life, Genesis NP batteries power security systems, emergency lighting and more in a space efficient footprint. Compact, quick and simple to install, Genesis NP batteries require low maintenance and never need watering. Request a Quote
