

Lesotho givenergy products

What is the givenergy all-in-one system?

The system is easy to wall mount and set up, and also works well alongside the whole GivEnergy back catalogue of products. Paired with the GivGateway, the All-In-One can provide a home with full emergency back-up power in the event of grid failure.

What makes givenergy a great all-in-one?

When we had our very first delivery of an All-In-One at our EcoHub renewables showroom, we couldn't contain our excitement! Made to compete with Teslas Powerwall, GivEnergy's battery and inverter combo sports a sleek, premium and robust design.

Does givenergy have a timed export bug?

The timings even show up in the Timed Export section. GivEnergy support first said that I needed software update and they said they did this although no evidence of it in the logs. Then they said it is a known bug but I can't find anything about it on any forum. If a known bug then surely lots of people would be experiencing it.

Is givenergy a good battery & inverter?

GivEnergy's All-In-One Battery and Inverter is a real powerhouse bit of kit, and it's no wonder why everyone wants to get their hands on it! With it's modular nature that can be paired or 'stacked' with other All-In-Ones, you can rest easy knowing your households energy needs are in good hands!

I have not had any problems with the grid serving high demand - it always makes up for any shortfall in the battery (ie if demand is over 6kw). If GivEnergy cannot spot an issue in settings I think you may need to get your ...

GivEnergy Products. Butlergu12 19 May 2024 09:52 1. Hi, I have had me pv system for about two years the GE inverter is working fine and powering to home and grid. But my ge battery is not charging at all. I think it has been like thi for. While. I have tried the breaker switch to the battery and pressing the button on the side of the battery.

Together, these products create an ecosystem for customers to control their energy end-to-end. With a GivEnergy system, customers can store energy either from the grid and/or renewables. They can then peak shave and power their lives cheaply and sustainably. In the process, GivEnergy products help tackle climate change.

GivEnergy Products. Rob1 4 October 2024 09:04 1. I'm trying to download the solar generation data from my Givenergy hardware, using the cloud/web page, and the Energy Graph tile. I select the date range (say, monthly), and the Generation dropdown, and the graph appears accurate. However, the data download isn't.

Hi all, I have just had a system installed and thought all was going well... Until the last few days. I have my battery set to export at 4pm to 6pm with a min level of 50%. If my battery is below 50% during the export times the house pulls from the grid and it looks like my battery pauses everything. If I adjust the export time to a past time in the day, the house starts ...

6 ???· GivEnergy Community Forum Battery stuck in idle. GivEnergy Products. GivEnergy Batteries. Crawford 8 December 2024 19:23 1. In the last 48 hrs one of my 9.5kwh battery is stuck in idle mode, will not charge despite sunlight. The app summary data says 7% charge, 0 watts and 0.18v 7 degrees. The battery specific info shows 51.1v 9.2 degrees.
