Will Mali increase its share in Goulamina lithium mine?

BAMAKO, May 17 (Reuters) - Mali has signed an agreement with China's Ganfeng Lithium (002460.SZ) to operate the Goulamina lithium mine and increase its share in the project in accordance with a new mining code, the West African country's economy ministry said in a statement.

Will China pay \$343 million to buy a Mali lithium mine?

China's Ganfeng Lithium Group Co. plans to pay about \$343 million to buy out its partner in a lithium mine being developed in Mali.

How much francs will Mali get from a lithium deal?

Mali's Economy Minister, Alousseni Sanou, said earlier this week that the deal could bring Mali between 110 billion and 115 billion CFA francs (\$191.51 million) per year. Ganfeng Lithium bought Australia's Leo Lithium's (LLL.AX) 40% stake in the Goulamina mine for \$342.7 million earlier this month.

Why is Mali partnering with Chinese group Ganfeng Lithium Co?

"With this win-win agreement, which defends the vital interests of the Malian people, the State of Mali enters into a new partnership with the Chinese group Ganfeng Lithium Co for the development and operation of the Goulamina lithium project," the statement said.

How much will Ganfeng Lithium bring to Mali?

Ganfeng Lithium will set up a spodumene plant which will start production by the end of the year, it added. Mali's Economy Minister, Alousseni Sanou, said earlier this week that the deal could bring Mali between 110 billion and 115 billion CFA francs (\$191.51 million) per year.

What is the Goulamina Lithium Project?

The Goulamina Lithium Project (Goulamina) is a spodumene project with development underway, located 50km west of Bougouni in Mali with all approvals and key permits received to bring the project into production. An updated Definitive Feasibility Study (DFS) was completed in December 2021.

La mise en service de la mine de lithium de Goulamina, située au sud du Mali, est prévue pour le premier semestre de l'année, mais elle sera finalement inaugurée en novembre prochain. Le Directeur général de la compagnie chinoise Ganfeng Lithium, Wang Xiaoshen, a annoncé cette information le 03
