LS Eco Energy (formerly known as LS Cable & System Asia) has become the first Korean company to sign a large-scale long-term rare earth purchase contract in Vi LS Eco Energy Signs Large-scale Rare Earth Supply Deal with Vietnamese Company - Businesskorea

LS Eco Energy, which started exporting cables to Denmark in 2017, has established itself as the number one player in the Danish high-voltage cable market along with LS Cable & System. The company sees this as recognition of its technology for high voltage cables in Europe, which may be called the home of cables.

LS Eco Energy is expanding its market through cooperation with LS Cable & System, which has the largest market share in Singapore. "The operating profit margin for ultra-high voltage cables is in the double digits, which is somewhat high," said a company official. "We will improve our performance by expanding the market for high value ...

Lithuania Is eco energy

Lee Sang-ho, CEO of LS Eco Energy, said, "In Vietnam, electricity shortages will worsen due to urbanisation and the construction of large-scale data centres by global companies. We will rely on our existing experience operating in Vietnam and LS Cable's high technology to expand our business in the country."

LS Eco Energy is Vietnam's No.1 cable maker. Based on our accumulated technology and capabilities, we will accelerate the preoccupation of solar power, on/offshore wind power markets in the ASEAN region and contribute to the establishment of global industrial infrastructure by expanding the high-speed communication market.

LS Cable & System Asia is also planning to change its name to LS Eco Energy ahead of its expansion into these new businesses. The change in company name comes from the expansion of the existing power and communication cable-focused business into the submarine cable and rare-earth element sectors as the company makes the leap to become an eco ...

LS Eco Energy (CEO Lee Sang-ho) announced on the 2nd that it has signed an MOU with the Institute of Energy (IE) under Vietnam Energy (EVN) on a superconducting cable business. The two parties plan to establish a mutual cooperation system and explore business opportunities to apply superconducting cables to Vietnam's power grid.

The deal is LS Eco Energy's second with a Danish company this year as it inked a \$13 million cable supply deal earlier in the month. The cable supplier started exporting cables to Denmark in 2017 and ranked No. 1 in the Danish ultra-high voltage cable market along with its parent company, LS Cable & System.
