

Longji photovoltaic panel manufacturer

Who is Longi Green Energy Technology?

LONGi Green Energy Technology Co.,Ltd. was established in 2000 and is committed to becoming the most valuable solar energy technology company in the world. Click and learn more about LONGi.

Who is Longi group?

We are committed to be the most valuable solar technology enterprise in the world. Founded in 2000, LONGi Green Energy Technology Co., Ltd. (hereinafter abbreviated as LONGi Group) is committed to be the most valuable solar technology enterprise in the world.

Who is LONGi Solar?

LONGi Solar was founded in 2000 and is based in China, but they have offices all over the world with a headquarters in the U.S. LONGi has been in the solar photovoltaic business for over 20 years, which is important as you can trust that they will be in business over the lifetime of your panels.

How efficient is LONGi Solar?

Since 2021, the company has broken the world for solar cell efficiency 15 times, with the US Department of Energy's National Renewable Energy Laboratory recently confirming Longi had achieved a power conversion efficiency of 33.9% for its perovskite-silicon tandem solar cell, a world record.

Are LONGi Solar panels worth it?

Two downsides of LONGi solar panels include their high temperature coefficient and the less-than-impressive product warranty, but it's ultimately up to you to decide whether or not these (somewhat minor) factors are a dealbreaker.

What is Longi technology?

LONGi technology refreshed three world efficiency records and leads the technological revolution of the industry again. The conversion efficiency of N-type TOPCON is 25.21%, P-type TOPCON is 25.02% and HJT technology is 26.30%. *Tested by German Hamelin Solar Energy Research Institute (A world recognized Authoritative Institution)
