Who is LTI ReEnergy cleantech?

LTI ReEnergy CleanTech GmbH is a leading German automation company group founded 50 years ago and has started to be active in the renewable sector in wind energy since 1999 and solar energy since 2007.

Where is LTI based?

Beyond its robust German technology and European and Middle East engineering base, LTI has successfully set up a technical project development arm acting out of the UAE and a project funding and financial structuring business arm incorporated in London.

What does LTI do?

Under LTI's supervision, they work to complete projects at foreseen budgets, timelines, and energy generation levels to de-risk the financial investments during the construction phase.

How does LTI ensure project viability?

LTI also assures the project viability by structuring the debt and equity investments after the grid connection and commercial operation commencement date and the bridge funding for the construction period and some of the world's largest EPC companies.
