

Makinex renewables Switzerland

What is the makinex renewables Innovation Centre?

Opened December 2023 The Makinex Renewables Innovation Centre is a facility dedicated to advancing renewable energy technologies. The Centre serves as a hub for research, development, and increased production capabilities, contributing to a more sustainable and environmentally friendly future in the construction industry.

Who is makinex renewables?

With a focus on solar energy technologies, Makinex Renewables is committed to driving positive change in the global energy landscape within the construction sector. The company's mission is to de-carbonize the construction industry through the development of solar, battery and hybrid power solutions.

What is HPS & makinex renewables?

The HPS product, over its development cycle, has morphed into the company's recent launch of a sub-brand - Makinex Renewables - where they are designing and building sustainable and renewable technologies for the construction sector.

MAKINEX RENEWABLES, a subsidiary of the parent Makinex company is now following in its footsteps with a Hybrid Power System designed for construction sites, temporary residences, remote locations or anywhere that has a reliance on diesel generator power.

[Sydney, 16/01/24] - Makinex Renewables, a leading force in sustainable energy solutions, proudly announces the grand opening of the Makinex Renewables Innovation Centre. This facility marks a significant milestone in the company's ...

The Makinex Renewables Innovation Centre is a facility dedicated to advancing renewable energy technologies, with a focus on increasing Hybrid Power Systems (HPS) production. The Centre serves as a ...

Makinex Renewables has introduced its new Deployable Solar Array range, a versatile 3-in-1 modular 5kW Photovoltaic (PV) system designed for rapid deployment and effortless integration. This solution can be configured for installation atop shipping containers, on the ground, or integrated into shelter structures, significantly enhancing on-site ...
