??,???????????Paraclete Energy?????????????----SILO Silicon(TM)?????,?????????????????????,????? ...

Paraclete technology mitigates the problems caused by silicon"s expansion, while using much less inactive material. More silicon equals more energy - and more miles between charges. It"s finally that simple. Paraclete"s SM-Silicon/3590(TM): 7 times energy density of graphite 4.4 times energy density of closest silicon competitor

??,????????????????? Paraclete Energy ??,?????? SILO Silicon(TM) ?????????,???????????,????????? ...

According to the company, Paraclete"s Silo currently offers an energy density of over 520 Wh/kg, "significantly exceeding the capabilities of traditional graphite anodes." Paraclete launched its silicon anode material in the US just last month, lauding the material"s significantly improved energy density and performance. It was also ...

??,????????????????? Paraclete Energy ??,?????? SILO Silicon(TM) ?????????,???????????,????????????

Paraclete Energy has the potential to revolutionize the electric vehicle and lithium-ion battery markets with its proprietary SILO Silicon(TM) highly conductive, polymer matrix technology, delivering energy densities up to 300% greater than graphite and 200% higher than competing silicon anodes.

Paraclete Energy ? CEO ??·???(Jeff Norris)?????:"??? SILO ????????????????????,?????????,????????? ...

Paraclete Energy??,?????????????? ...

6 ???· Paraclete Energy has announced comprehensive study results on its proprietary SILO Silicon technology, which can reduce battery weight by 50% and double the driving range of ...

??,???????????Paraclete Energy?????????????----SILO Silicon(TM)?????,?????????????????????,?????????????????????????

Paraclete Energy anode additives for making the highest energy & longest lasting Li-ion batteries. They have developed a drop-in solution for creating high energy density lithium-ion batteries with its surface modified nanoparticles.

6 ???· Paraclete Energy has announced comprehensive study results on its proprietary SILO Silicon technology, which can reduce battery weight by 50% and double the driving range of electric vehicles,

significantly enhancing battery performance and efficiency? ... Stellantis Malaysia offers a year-end promotion for the Peugeot 2008 with a discount of ...
