Our Battery Energy Storage Systems (BESS) store excess electricity until sold into the National Grid to meet industrial or domestic electricity demands. Our BESS assets help level out expensive peaks and troughs of electricity pricing caused by supply and demand imbalance.

Our team is comprised of long-standing energy sector professionals, proven in the development and deployment of large-scale energy projects, energy experts with in-depth knowledge of energy markets and consulting, electrical engineers with demonstrable experience of working in LV/HV network designs.

Based in the UK, L48 Energy is an independent pure-play battery energy storage (BESS) "originator to operator" and aims to develop, build and own grid-scale batteries at crucial locations in the UK, with possible expansion into other European markets. "The UK is a strategic market for us, and we are pleased to partner with L48 Energy.

LONDON - Dec. 13, 2023 - Castleon Commodities International LLC (CCI) announced today that a subsidiary has acquired a majority stake in Lower 48 Energy BESS Ltd. (L48 Energy), a company that originates, builds, owns and operates large-scale energy storage systems. Based in the UK, L48 Energy is an independent pure-play battery energy ...
