

OverviewOperationsHistorySubsidiariesFurther readingExternal linksMercuria Energy Group Ltd. is a Cypriot-domiciled Swiss multinational commodity trading company active in a wide spectrum of global energy markets including crude oil and refined petroleum products, natural gas (including LNG), power, biodiesel, base metals and agricultural products. The company is one of the world's five largest independent energy traders and asset operators and i...

Trading documents show that between 2010 and 2014, Guangdong Zhenrong secured around 80 billion yuan of credit as trade financing for its deals with Mercuria Energy. But whether or not the deals were real remains a question.

At Mercuria, we are actively contributing to trying to solve the energy trilemma, by reducing carbon emissions and advancing the energy transition. Our strategy for this rests on three pillars: Leading the low-carbon charge: Exceeding our initial commitment, over 50% of our investment capital has been directed towards the low-carbon sector ...

Shifting the energy mix: We are actively diversifying our portfolio, promoting and trading cleaner energy sources. Investing in a sustainable future: We are surpassing our goal of 50% of investments into the energy transition by 2025, having already partnered with over 50 companies offering renewable and sustainable solutions.

Our activities across the South America and Latin America regions range from Mexico and Panama in the north to Argentina in the south. We produce, store and supply hydrocarbons and other energy products across the region and Minerva Bunkering operates logistics assets in Argentina, Panama and the Caribbean to offer bunker supplies to the region.

Mercuria Energy Group Ltd. is a Cypriot-domiciled Swiss [2] multinational commodity trading company

Mercuria energy Myanmar

active in a wide spectrum of global energy markets including crude oil and refined petroleum products, natural gas (including LNG), power, biodiesel, base metals [3] and agricultural products. [4]

Mercuria Energy Group is one of the world's leading independent energy and commodities trading groups. We have principal commercial hubs in Geneva, Beijing, Shanghai, Singapore, London and Houston and a global network of regional offices and facilities. The heart of our business is the supply and trading of energy and other commodities.
