

Multisub Energy Limited is an independent oil and gas exploration and production company established in 2021, to develop, produce and operate Olure Field on PPL-218 with a Petroleum Prospecting Licence PPL-218 in a safe and environmentally sustainable manner ...

Bahar is an offshore petroleum reservoir in the Caspian Sea, located 40 km (25 mi) southeast of Baku, Azerbaijan. The field was discovered in 1968 [1] and was first developed in 1969. Prior to 2010, it produced approximately 16.8 million tonnes of oil and 128.7 billion cubic meters of gas. [2]

Azerbaijan has identified the global spotlight of COP29 as an opportunity to advance - and publicise - its renewable energy industry, a stance that has resulted in accusations of greenwashing.
