

# Nepal cost of solar panels for home

However, the initial installation costs for solar panels in Nepal have decreased significantly over the past few years. Depending on the system size, prices can start as low as NPR 50,000 (approximately USD 420) for a basic setup, making it more accessible for a wider demographic.

Swogun Energy's Solar Home System is a solution for family lacking lighting in urban areas of Nepal. These systems are designed with solar panels of various wattage: 10, 20, 30, 35, 40, 50, 60, 80, 120, 150 or 175 watts.

According to a report by The Himalayan Times, the solar resource in Nepal is good enough for the production of electricity at a cost of NRs 4,800 (US\$40) per MWh once the solar industry becomes mature in Nepal, falling to below NRs 3,600 (US\$30)/MWh in 2030.

The company was established in 2009 A.D. to provide Nepalese customers with high-quality household and solar items. Since its founding, Trade Nepal has grown to become a respected brand in Nepal's retail industry, thanks to its commitment to quality and customer satisfaction.
