

Latin America-focused power provider InterEnergy Group Ltd has secured a major commitment from new investors that will enable it to execute a 1,000-MW-plus renewables pipeline and expand services in its markets.

For more than thirty years, InterEnergy has powered people and cities across the Caribbean and Latin America, providing reliable, cost-effective and clean energy to the Dominican Republic, Panama, Jamaica, Chile, Uruguay and we have deployed the most sophisticated platform for electric vehicle charging stations in the Caribbean and Latin America.

Our roots in the power generation business started 30 years ago in the Dominican Republic and today InterEnergy Group owns and operates power distribution assets as well as fuel distribution and logistics businesses in Panama, Jamaica, and Chile with a power portfolio that represents almost 1,250 MW of available capacity.

The Pacific Islands Forum has expressed strong support for the Niue Natural Grid, following a substantial investment by UK-based Island Power. The initiative, which aligns with Niue's commitment to energy efficiency, received a boost with an initial USD750,000 investment for the development of a resilient and renewable energy network.

Alofi, Niue - IslandPower, the Institute for Strategy, Resilience and Security (ISRS) at University College London, and the Government of Niue have signed a Memorandum of Understanding (MoU) initiating a transformative energy project for 2024.
