The EU will continue to be a strong partner in providing assistance for the implementation of renewable energy projects with the goals of promoting economic growth, environmental protection and ultimately bringing the Republic of North Macedonia closer to the European Union.&quot;

North Macedonia adopted its first National Energy and Climate Plan (NECP) in June 2022. It follows the more progressive scenarios from the Energy Strategy in its coal phase-out timeline, with Oslomej being decommissioned in 2021 and Bitola in 2027.

The Minister of Foreign Affairs and Foreign Trade, Timcho Mucunski, co-chaired today together with the Resident Coordinator of the United Nations in the Republic of North Macedonia, Rita Columbia, the high-level meeting on the preparation of the new Cooperation Framework for Sustainable Development between the United Nations and the country's national institutions ...

Worldwide gross domestic product in 2023 was at about 13,133 USD per capita. GDP in North Macedonia, on the other hand, reached USD 8,146 per capita, or 14.76 billion USD for the whole country. North Macedonia is one of the smaller economies and is currently ranked 139. Inflation in North Macedonia in 2023 was around 9.36%.

North Macedonia should prioritize the complete incorporation of the Environmental Impact Assessment

Directive into its national legisla - tion to address the breach established by the Ministerial Council. The Government should expedite the initiation of the Strategic Environmental Assessment for the revision of the NECP.

Given the power station's strategic location in the northeastern part of the country, near key interconnection points with neighboring countries Turkey and Bulgaria, and, to the west, North Macedonia, it holds added significance for the national transmission system.

For North Macedonia, its ability to contribute to this vision will be closely tied to its own strength as a democracy. As such, the U.S. Mission in North Macedonia will prioritize two goals to guide our diplomatic, programmatic, and technical engagement from 2022 to 2025. First, we will deepen North Macedonia's democracy and
