Where are Johnson Matthey batteries made?

Headquartered in Dundee, Scotland and with operations in Poland and sales offices in Coventry, England, Johnson Matthey Battery Systems produces batteries for all types of electric vehicles including urban delivery vehicles and high performance sports cars.

Who is Johnson Matthey battery systems?

Johnson Matthey Battery Systems supplies lithium-ion battery technology for cordless power tools, such as cordless hedge trimmers and lawn mowers. Its customers include several major producers of professional power tools, including Robert Bosch GmbH.

How many Watts Does a Johnson Matthey battery have?

Johnson Matthey Battery Systems produces a range of batteries from as little as 1 or 2 watt up to 180 kWh, and from 2.4 Volts to 614 Volts. Johnson Matthey Battery Systems' battery packs are subjected to a testing regime that meets industry standards.

Why did Johnson Matthey exit battery materials?

Liam Condon, Chief Executive of Johnson Matthey, says: "Johnson Matthey made the decision to exit Battery Materials due to insufficient returns, increased commoditisation of battery materials combined with the need for very high capital investments to remain competitive.

Does Johnson Matthey own OXIS Energy Limited?

Johnson Matthey has acquired the assets and intellectual property of Oxis Energy Limited, a lithium-sulfur battery developer with assets that can be adapted for the manufacturing of components for green hydrogen production. The company, based near Oxford, UK, entered administration on 19 May 2021.

Who owns Axion battery systems?

In October 2012 Axion was acquired in total by Johnson Matthey, a British multinational chemicals and precious metals company headquartered in London, United Kingdom, which is listed on the London Stock Exchange and is a constituent of the FTSE 100 Index. Axion rebranded as Johnson Matthey Battery Systems in August 2013.

With the addition of Johnson Matthey Battery Systems high-voltage battery expertise, Cummins now has capability across the entire range of energy storage options. The acquisition was signed and ...
