Power Sonic's motorcycle batteries fit all original equipment motorcycles from Aermacchi all the way through to Yamaha! Read more [Read less](#) . **DOWNLOAD THE POWERSPORTS BROCHURE.** Our complete PowerSport series offers a wide range of conventional, AGM (absorbent glass mat) and sealed lead acid technologies. Whatever your vehicle we have the ...

Power Sonic PS series of sealed lead acid batteries have been designed with AGM (Absorbent Glass Mat) technology to ensure superior performance and reliability. The PS series has been specifically engineered for use in general purpose float and light cyclic applications including fire and security systems, emergency lighting, UPS, toys and ...

The laboratory is the "Nerve Center" for technical support to Power Sonic customers and its function is primarily for in-depth testing of products described as follows: ... We are proud that all business divisions across the Power Sonic group are certified to ISO9001:2015. ISO's management system standards are international standards to ...

Literature section of our website: Compact Power-Sonic batteries utilize state of the art design, high grade materials, and a carefully controlled plate-making process to provide excellent output per cell. The high energy density results in superior power/volume and power/weight ratios. Low Pressure Valve Regulators

MODEL SUMMARY. The PDC-12600 is part of our PDC range of deep cycle sealed lead acid batteries (often referred to as VRLA) which have been designed specifically to offer enhanced performance in cyclic applications.

The laboratory is the "Nerve Center" for technical support to Power Sonic customers and its function is primarily for in-depth testing of products described as follows: ... We are proud that ...

An Uninterruptible Power Supply is a backup UPS system which provides a continuous, stable and clean power supply to your electrical equipment and computer systems. In the event of a power failure the UPS system, which contains its own batteries, will continue to power your electrical equipment or systems for a set period.

Power Sonic has been manufacturing batteries for nearly 50 years and during this time we have developed one of the most extensive product ranges in the industry. We supply a full range of ...

At the heart of every Power Sonic PSL-SC lithium battery is an intelligent BMS that monitors and reacts to multiple voltage, current, and temperature events to maximize performance, battery life and safety. With its advanced BMS design, ...

Power Sonic have a number of batteries that have been approved by VdS, including our 12V 7AH and 12V 26AH, for use in fire protection and security equipment. VdS is one of the world's ...
