

RGA is a global industry leader, specializing in life and health reinsurance and financial solutions that help clients effectively manage risk and optimize capital. We are widely recognized for superior risk management and underwriting ...

implement a response accordingly, CARE International DRC has conducted a Rapid Gender Analysis (RGA). The RGA has been conducted in the displacement camps of Nyiragongo Health Zone, Kanyaruchinya, Munigi, and Mudja camps from December 2022 to January 2023 using Focus Group Discussions, Individual and Key

AC1004 - Extended HiSpeed RGA up to A9 GC Integrated Permeation Device Hi speed RGA with built in 13X column AC Hi-speed RGA repeatability (A4) AC Hi-speed RGA repeatability (US) PAC's AC Analytical Controls offers the Hi-Speed Refinery Gas Analyzer, a high speed solution that determines and reports the composition of refinery gas streams in ...

The DLS-1 (quadrupole residual gas analyzer) is designed for analysis of fusion system fuel delivery, and operates in TIMS mode. TIMS mode provides for control of the energy of the electrons emitted within the ionisation source, resulting in ...

RGA systems are used in various industries to detect the presence and quantity of discrete chemical substances (or lack thereof), one area of usage is leak detection for vacuum vessels. An RGA can be used on a ...

Systems for the examination of components present in a vessel or evolved from a process With partial pressure measurement range from UHV up to 0.01 Pa (10⁻⁴ mbar). Sampling systems with differential pumping extend the sampling pressure range for vacuum process monitoring, and gas analysis applications when required.

The AC Hi-Speed RGA system characterizes: C1 - nC6, C6+ hydrocarbons; Inert gases: nitrogen, hydrogen, helium, oxygen, carbon monoxide, carbon dioxide; Hydrogen sulfide; BTEX (benzene, Toluene, Ethylbenzene, Xylenes), using the RGA extended method with a ...

RGA is a global industry leader, specializing in life and health reinsurance and financial solutions that help clients effectively manage risk and optimize capital. We are widely recognized for superior risk management and underwriting expertise, innovative product ...

Democratic Republic of Congo (DRC), female-headed households experience more pronounced negative effects from the crisis compared to their male-headed counterparts, primarily due to cultural and political barriers that hinder their participation and access to resources.
