

How many CCTV cameras are there in Russia?

According to a recent study by the information and analytical agency TelecomDaily, there were more than 13 million CCTV cameras in Russia in 2020. Only China and the United States had more -- 200 million and 50 million, respectively. When it came to the number of cameras per 1,000 people, Russia also ranked third, after the United States and China.

Where are 4G CCTV towers made?

Solar powered 4G CCTV towers, end stations, access points and various zero carbon solutions for a variety of industry sectors, designed and manufactured in Coventry, The United Kingdom, All-in-One Redeployable CCTV.

How much power does Russia get from solar power?

The global economy gets roughly 10% of its power from wind and solar sources, while in Russia, solar's share is just 0.2%. The government gives fossil fuel companies trillions of rubles in tax incentives each year, even though they already turn the same amount in profits, according to Greenpeace Russia.

Is solar energy on the verge of a major expansion in Russia?

Vadim Braidov /TASS Solar energy in Russia might be on the verge of a major expansion, thanks to a government support program for renewable energy sources, industry experts told The Moscow Times. Russia, the world's fourth-largest emitter of greenhouse gases, has historically relied on its vast oil and gas reserves to bolster its economy.

Could a hybrid solar-diesel power station help Russia's Arctic settlements?

"Most Russian regions have high insolation -- above 1,000 -- the level required to generate energy," the company said in a statement. Both Unigreen and HEVEL experts said Russia's many Arctic settlements could benefit from hybrid solar-diesel power stations that would cut costs and solve supply chain and shortage problems.

It's also no secret that CCTV cameras are low-quality, blurry, and ineffective; plus, security guards are often more hassle than they're worth and far too expensive. That's why Solight developed its solar security tower. With a Solight security tower, you get the a mobile, rugged, state-of-the-art security system for an incredibly low price.
