

the design and implementation of energy transition policies ; forecasting and optimized integration of renewable energy sources in off-grid systems ; tools and solutions to manage off-grid energy systems and increase their flexibility, notably through the development of energy communities and decentralized grids

French overseas energy company Albioma has switched on a solar-plus-storage rooftop installation at the Stade de l'Est Jean Ivoula in Saint-Denis, in the Indian Ocean overseas territory of La...

This turnkey contract is realized in partnership with Ingeteam (Spain) - world leading manufacturer of power electronics and energy management systems- and Corex Solar (based in La ...

A consortium led by Saft has been awarded a multi-million euro project by Akuo Energy. This turnkey contract is realized in partnership with Ingeteam (Spain), a manufacturer of power ...

Created in 2007 on Reunion Island, the Indian Ocean subsidiary today boasts a wide variety of solar farms. Here, it started the Group's first agrivoltaics plants, as well as the Aquanergie® technology and the first battery storage solutions which have given Akuo sound expertise in Non-Interconnected Zones (NIZ).

Innovative battery-based energy storage. The Port Ouest plant is able to operate continuously, using lithium-ion battery storage technology to overcome the inherently intermittent nature of solar energy. The 1,330 KWh batteries store energy during the day and then release it during evening peak consumption periods (between 7 and 9 pm).

A consortium led by Saft has been awarded a multi-million euro project by Akuo Energy. This turnkey contract is realized in partnership with Ingeteam (Spain), a manufacturer of power electronics and energy management systems, and Corex Solar (based in La Réunion) to build the Bardzour solar photovoltaic (PV) production and Li-ion energy ...

With high reliable prediction and energy management software, the plant will feed in the Reunion Island grid a no-intermittent renewable energy. This solar power plant is a world first and paves the way for a new era of photovoltaic predictable, stable and available. Delivery is planned during the first half of the year.

energy ...

This turnkey contract is realized in partnership with Ingeteam (Spain) - world leading manufacturer of power electronics and energy management systems- and Corex Solar (based in La Reunion) to build the Bardzour solar photovoltaic (PV) production and Li-ion (lithium-ion) energy storage system on the French island of La Reunion in the Indian ...

French renewable energy producer Albioma SA (EPA:ABIO) said today it has commissioned a solar-plus-storage system at a sports stadium on Reunion island in the Indian Ocean. Albioma's first solar power plant with integrated storage has been installed on the roof of a shopping centre in Saint-Pierre, on Reunion Island.

Solar-plus-storage projects on France's overseas territories are on course to add around 200MWh to global battery storage deployment figures, with the latest power plant just completed by independent renewable energy producer Albioma.
