The commune of Saint-Pierre is made up of the island of Saint-Pierre proper and several nearby smaller islands, such as L"le-aux-Marins. Although containing nearly 90% of the inhabitants of Saint Pierre and Miquelon, the commune of Saint-Pierre is considerably smaller in terms of area than the commune of Miquelon-Langlade, which lies to its northwest on Miquelon Island.

A global energy transition is underway, and India is making steady progress towards a greener, more sustainable future. While the discourse on renewable energy centers around solar and wind power, it has become apparent that we also need to find clean and efficient fuel alternatives for industrial processes, transportation, and households.
