

Senegal solare company

Does Senegal have a solar power plant?

However, under the government-backed World Bank Scaling Solar program, 60 MW was added to Senegal's domestic power generation last year alone through solar. Last month, H.E. President Macky Sall inaugurated the 23 MW peak Diass solar power plant, supported by German Chancellor, H.E. Olaf Scholz.

Will solar be Senegal's cheapest energy source?

The planned Scaling Solar projects underscore Senegal's commitment to integrating renewable energy resources into its energy mix. The successful tender set a new benchmark for the region. With prices under 4 US cents per kWh, solar energy will become Senegal's cheapest energy source. Questions or Interest? Subscribe to our mailing list.

Who sponsors Senegal's solar power plants?

The PV plants, located in Western Senegal, are sponsored by Engie, Meridiam, and the Senegalese Sovereign Wealth Fund for Strategic Investments (FONSIS). The competitive tendering process was led by Senegal's Energy Regulatory Commission (CRSE). For more information, please read the press release [here](#).

When will Kael & Kahone solar plants be available in Senegal?

Meanwhile, the Kael and Kahone solar plants came online in May 2021, developed by Engie and Meridiam following competitive tendering by Senegal's Energy Regulatory Commission, financed by the International Finance Corporation, European Investment Bank, Proparco and Senegalese sovereign wealth fund, FONSIS.
