Does easy solar work in Sierra Leone & Liberia?

(AP Photos/Abdul Haqq Mahama) Since launching in 2016, Easy Solar has brought solar power to over a million people in Sierra Leone and Liberia, which have a combined population of more than 14 million. The company's network includes agents and shops in all of Sierra Leone's 16 districts and seven of nine counties in Liberia.

Is solar power a good option for Africa?

At the last United Nations climate summit, the world agreed on the goal of tripling the capacity for renewable power generation by 2050. While the African continent is responsible for hardly any carbon emissions relative to its size, solar has become one relatively cost-effective way to provide electricity.
