

At Asantys Systems, we believe that successful projects are not only about delivering solutions but also about the logistics that bring those solutions to life. So we are pleased to share a behind-the-scenes look at the logistics operations behind the "ASER300" project, a major initiative by the Agence S&#233;n&#233;galaise d'Electrification ...

Asantys Systems is a German solar system integrator, specialized in on- and off-grid EPC project implementations, mainly in Africa. Asantys Systems serves its partners as a 360&#176; services provider from the first planning of a solar system, the system sizing, the choice and procurement of solar components up to the installation, training, monitoring and maintenance services.

In 2022, after 13 years of successful project implementations in more than 50 countries and having delivered more than 7600 solar systems worldwide, Asantys Systems has adapted its business model to the matured solar markets it is serving and now provides an alternative sales channel: Asantys Components B2B online shop.

Als Generalunternehmer mit den Zielm&#228;rkten Afrika und Asien implementieren wir f&#252;r unsere Partner schl&#252;sselartige Solarprojekte in den Bereichen netzautarke- und netzgekoppelte Photovoltaikanlagen, Back-Up Anlagen, Wasserpumpensystem sowie Fuel-Save Systeme. Bei der Umsetzung von Projekten arbeiten wir Hand in Hand mit Projektentwicklern, ...
