SolarCity 2006, Lyndon Rive Peter Rive (Lyndon), Elon Musk SolarCity, Lyndon, SolarCity, ...

And the city of Malmö; (pop. 307,000) is taking the lead by incorporating solar, wind, and biofuel technologies through efforts to make it one of the most sustainable cities in the world.

Malmö; has also established the first Solar City Association in Sweden, with the objective to increase the use of solar energy and strengthen the solar energy market in southern Sweden. The work of the municipality has been going since 2001 and includes installation of several large PV plants on public buildings.

SolarCity was founded in 2006 by brothers Peter and Lyndon Rive, [2] based on a suggestion for a solar company concept by their cousin, Elon Musk, who was the chairman and helped start the company. [3] By 2009, solar panels it had installed were capable of generating 440 megawatts (MW) of power. [4] [5] In 2011, the company launched their expansion to the East Coast with ...
