The Cocos Islands (or Keeling Islands) are an Australian external territory located in the Indian Ocean. They were first claimed by the British in 1814, but not formally annexed until 1857; the islands were administered from Ceylon after 1870, and after 1886, from the Straits Settlements. Plastic token coinage was issued in 1913, and later in 1968.

Attaching Solar Panels with Unistrut and Domino Clamps. The team used Domino Clamps as the interface between the Unistrut frame for mounting the solar panels on the roof of the container and the insulated ...
