The biggest solar farm project anywhere in the country called Kawene Solar Farm Project, was jointly launched by the Prime Minister, Honiara-based European Union Ambassador Leonidas Tezapsidis and the General Manager of UNELCO, David Lesevre on Thursday this week.

Another benefit you receive when choosing us for your solar energy system is that we will take the time to thoroughly explain your options so that your system is designed based on your short-term and long-term objectives. We will also go over a solar battery installation that will save you more money and provide you with reliable power.

Reduce monthly energy costs and benefit from the long-lasting value of a durable solar energy system. There are federal and state tax credits and available solar rebates to help offset the initial costs of switching to solar. We provide clean, sustainable energy solutions that are customized to your property and designed to add value.
