What is the largest solar project in Albania?

Image: Karavasta French renewable power company Voltalia has commissioned a 140MW solar project in southern Albania,said to be the country's largest to date. The Karavasta solar plant in Albania's Fier district has begun production and is now delivering its first electricity to the grid.

Does Voltalia have a solar project in Albania?

Karavasta was one of two solar projects awarded to Voltalia under tenders organised by Albania's Ministry of Infrastructure and Energy (MIE) and sponsored by the European Bank for Reconstruction and Development. Voltalia's second project in Albania,the 100MW Spitalla Solar plant,has yet to be completed.

Who won a solar project in Albania?

Smart Gynesh Energy,Smart Energy Group and Erseka Solar were selected for two lots: 40.3 MW at EUR 53.53 per MWh and 20.2 MW at EUR 56.28 per MWh. JGA consulting,Swiss Approval Albania,Eterna and Gr Albania secured 15.2 MW at a price of EUR 54.7 per MWh. Solar PV,Gr Albania,Enterprise Albania and RAB won 29.13 MW at EUR 54.8 per MWh.

Could solar power reduce Albania's reliance on energy imports?

Albanian researchers say that solar could be key to reducing Albania's reliance on energy imports,but the nation will need to invest in grid infrastructure,streamline laws,and enhance access to funding to support deployment.

Is solar a viable alternative to electricity in Albania?

A move toward more solar is partly an attempt to diversify Albania's electricity sources. In " Evaluation and integration of photovoltaic (PV) systems in Albanian energy landscape," which was recently published in Solar Compass,the scientists said that solar is an adaptable and affordable alternative,given Albania's sunny climate.

What is Voltalia doing in Albania?

Voltalia has started doing business in Albania in 2018 with the unsuccessful participation in the first solar tender organized by the Ministry of Infrastructure and Energy of the Republic of Albania ("MIE"). Despite this result,Voltalia has demonstrate great interest in the construction of 2.5 MW FiT-solar PV projects.
