Will NTPC and Union Electrica de Cuba implement 900 MW solar PV parks?

NTPC and Union Electrica de Cuba (UNE) would work in unison for the implementation of the 900 MW solar PV parks in Cuba. The government of Cuba, through its Ministry of Energy and Mines (MINEM), has taken support of the ISA for the implementation of 900 MW solar PV parks in 175 locations spread across all 15 provinces of Cuba.

What does a solar EPC contractor do?

Solar EPC contractors are responsible for the design, installation, and maintenance of solar photovoltaic (PV) systems on commercial and industrial rooftops. In return, they receive a portion of the energy savings generated by the PV system over the contract period. Relevant Resources: When is the Next Solar Eclipse in Georgia?
