eTech Solar is accelerating the adoption of quality yet affordable solar technology across Vanuatu to conserve our environment and provide an environmentally friendly and sustainable power supply. We aim to be the best solar supply and installation company in Vanuatu for households, communities, villages, aid posts, hospitality industry ...

At Better Energy, our focus is on preserving and enhancing the effectiveness of your solar systems. Our services include annual panel cleanings, preventive maintenance, and PV system inspections to ensure optimal performance. We offer electrical testing, PV system monitoring, and performance analysis to guarantee the best results.

PCS has a range of high quality, high performance solar panels, inverters and batteries for your power system needs, and completes a standard electrical installation with our range of LED Lighting, breakers, conduits, electrical cabling and GPOs.

We have AC sets which include everything you need from the panels, regulator / inverter and Batteries. For larger requirements you can set up an appointment to meet with our Technical Specialists. They will be able to give you a quote for a Solar System to meet your needs.

There are several solar power companies operating in Vanuatu that offer installation and maintenance services for both residential and commercial properties. Additionally, the government of Vanuatu has implemented incentives and programs to promote the adoption of solar energy, making it easier for residents to switch to solar power.

PCS have completed numerous Solar Installations, ranging between 100W to 1kW to 10kW. These High Quality solutions have been supplied by PCS and customised to our client's power requirements. We offer a range of high quality products suited to Vanuatu's harsh environment, from the best suppliers on the market for all parts of our solar ...
