What is the USVI solar+ financing pilot program?

The USVI Solar+Financing (SPF) Pilot Program is a loan program for residential solar PV and Battery systems being offered through the Virgin Islands Energy Office and the VI Water and Power Authority. Through on-bill repayment this program allows property owners to pay for renewable energy systems through their monthly utility bill.

Should I buy a solar panel with a personal loan?

Financing a solar panel purchase with a personal loan may be a good option if you need the loan proceeds quickly. It also makes sense if you have solid credit scores and will likely qualify for the most competitive interest rates.

Can a contractor finance a solar panel?

Getting solar panel financing through your contractor can simplify the process for putting that loan in place. Plus, because the contractor is motivated to have the financing go through (so they can make money off your project), they may lower eligibility requirements. Getting this kind of loan for solar might require a hard credit check.

Should I buy a solar energy system outright?

If it's within your budget, purchasing your solar energy system outright is the best way to maximize the ROI of your solar energy system. You don't have to pay interest as you would with other options for financing solar panels, plus you can take full advantage of tax credits and other available incentives. Cons

Does a homeowner own a solar system?

In both structures, the homeowner can take advantage of energy savings on their utility bill, but they do not own the system. A PPA involves a third-party developer or solar provider installing, owning and maintaining the solar system on the homeowner's property.

Will a new solar system reduce my tax bill?

That price tag might feel overwhelming, but the government will reduce your tax bill if you put a new system on your roof. The Inflation Reduction Act includes a 30 percent tax credit that applies to all eligible solar expenses. So, if you pay \$30,000 to install a new system, you'll qualify for a \$9,000 tax credit.
