

Unit Energy Ltd has established itself as one of the leading solar panels installers on the island. We at Unit Energy Ltd specialize in the installation and importation of renewable energy equipment since 2010.

Yes, the basic setup includes a battery backup of up to 9.6 kWh. The battery offers two modes - Eco Mode and Backup Mode. In Eco Mode, it prioritises using solar energy for immediate needs and stores excess energy, while in Backup Mode, it conserves stored energy for potential outages, limiting regular consumption from the battery.

Solar panels allow you to harness the power of the sun to generate clean, renewable energy for your home or business. By investing in a solar energy system, you'll benefit from long-term energy savings, increased property value, and a reduced environmental impact.

Virtue Solaris is your one-stop provider for well-priced solar panels Malta, battery storage, off-grid solutions, solar carports and more! You can find us at: Sagra Famiglia Building, Triq Maestro George Zarb, Handaq (Qormi)

Unit Energy Ltd has established itself as one of the leading solar panels installers on the island. We at Unit Energy Ltd specialize in the installation and importation of renewable energy ...

In Malta the grid belongs to Enemalta Corporation. With an on-grid system, there is an option to add an energy storage system (known as a battery system). The electricity generated by the PV system will either be consumed by the household or sold to the grid.

Two batteries can be integrated in parallel in one solar panel installation. This allows a maximum storage capacity of 30 kWh per inverter. Sungrow's batteries start at 9.6kWh, and feature modular increase in units of 3.2kWh each up to 25.6kWh.

These panels enable you to pack in maximum power into a limited space and achieve higher power levels with fewer panels. REC'S MOST POWERFUL SOLAR PANEL EVER! With up to 330 Wp in a 60-cell panel, the REC N-Peak Series uses the most efficient cell technology in the industry, capturing more sunlight thereby providing more power.

At Renewable Living, we provide advanced solar battery systems that not only store the energy generated by your solar panels during the day but also ensure that your home or business stays powered even when the sun goes down.

Solar panel plus battery Malta
