

Solar powered home generator Benin

Who can benefit from a new off-grid solar scheme in Benin?

Households, smallholders and entrepreneurs in remote locations across Benin will be able to access reliable and cheap electricity for the first time under a new off-grid solar scheme agreed between leading solar energy company ENGIE Energy Access and the European Investment Bank, one of the world's largest financiers of renewable energy.

Will EIB support Engie to deploy off-grid solar power in Benin?

The new Benin cooperation follows EIB's previous support for ENGIE to deploy off-grid solar power in Uganda. Benin is the sixth African country to benefit from the EIB's streamlined support for African off-grid energy investment, following recent backing for projects in Mozambique, Uganda, Chad, the Democratic Republic of Congo and the Comoros.

What can Engie do for Benin?

Following the new agreement between ENGIE and the European Investment Bank, households, entrepreneurs and smallholders across Benin will be able to access electricity for mobile phones, solar lighting, refrigeration, radio and television.

Households, smallholders and entrepreneurs in remote locations across Benin will be able to access reliable and cheap electricity for the first time under a new off-grid solar ...

A solar panel that offers a power output of close to 100 W might take nine hours (or more) to charge even just mid-sized solar generator batteries. That can be a huge bottleneck, especially if you are depending on this power source in an emergency situation.

Nous sommes ravis d'annoncer que OnePower Bénin a franchi une étape majeure dans notre mission d'électrification rurale. Notre première centrale solaire a reçu le commissioning officiel de l'ABERME (Agence Béninoise d'Électrification Rurale et de la Maintenance de l'énergie) ! Ce n'est pas seulement une réalisation technique, mais aussi une transformation de vie pour plus de ...
