What is solplanet AI-lb pro low voltage battery?

Solplanet's new Ai-LB Pro low voltage battery series is a cutting-edge solar energy storage solution designed to optimize solar energy utilisation day and night.

Does solplanet have a mobile app?

As a testament to Solplanet's commitment to user-friendly experiences, you can effortlessly monitor the battery's charge and consumption through our intuitive mobile application. Elevate your energy reliability with the Ai-LB series as it sets new standards for durability, safety, and user convenience.

Are solplanet batteries compatible with a hybrid inverter?

The series stands fully compatible with Solplanet's line of hybrid inverters, offering a comprehensive and cohesive solution for advanced energy monitoring and control. Connect and monitor your battery using our mobile app available in the Apple App Store. Connect and monitor your battery using our mobile app available in the Google Play Store.

Why should you use solplanet?

Streamlining user experience, quick setup and efficient data tracking are achieved seamlessly through the intuitive Solplanet apps. Users can easily monitor energy consumption and battery charge/discharge levels, fostering a transparent and user-friendly energy management experience.

Solplanet's new Ai-LB Pro battery series is a cutting-edge solar energy storage solution designed to optimize solar energy utilisation day and night. With its user-friendly interface, superior reliability, and effortless installation process, the Ai ...
