The new high-voltage battery series is the perfect match for the award-winning hybrid inverters. With an Ai-HB battery, you can rely on a constant supply of powerful and safe energy to power your everyday life with clean energy - regardless of the time of day or the weather.

Thin-film solar panels are usually better suited for portable devices. Solplanet inverters are stationary and are designed for traditional PV arrays in residential, commercial, and industrial situations. However, some thin-film panels on the market do not have to be adhered to a surface and in these cases, a Solplanet inverter will operate ...
