Redway"s 24V 60Ah LFP Battery is a high-quality and reliable battery that has been gaining popularity in Somalia. This lithium-ion phosphate battery offers a more efficient and longer-lasting energy solution compared to traditional lead-acid batteries.

We are honored to participate in the first renewable energy power plant in Somalia since 2017 with our OpzV2-1200 (2V 1200Ah Tubular Gel Battery). The energy plant located in the north eastern part of the country currently produces 3.5MW of energy for distribution to more than 13,000 clients all across the city.
