

Network Power > Sonnenschein SOLAR > Benets Sonnenschein SOLAR The compact alternative for smaller solar applications Sonnenschein SOLAR batteries are specially designed for small to medium performance requirements in leisure and consumer applications. The advantages of the maintenance free VRLA-batteries are enhanced by the worldwide excellent ...

Sonnenschein Solar is a premium range developed for applications that require exceptional cycling performance. It has premium energy-saving features and excellent reliability and has been used for decades in many of the world's most demanding applications.

Valve-regulated lead-acid batteries designed for solar systems, the Sonnenschein Solar battery range is both powerful and reliable, even in challenging application conditions. These batteries are utilized in fixed and floating solar-powered aids to navigation around the world.

The batteries are used in fixed and floating solar powered Aids to Navigation worldwide. o Lifetime expectancy in excess of 7 years o 800 cycles according to IEC 896-2 o Recyclable o Maintenance-free (no topping up) o Gel technology with grid plate providing longer lifetime than AGM or flooded batteries o Proof against deep discharge

Sonnenschein A600 SOLAR is a premium range, developed specifically for applications where cycling is required. It has extraordinary energy-saving features in addition to robust reliability, proven for decades in many installations world wide. Nominal capacity 294 - ...

Sonnenschein A600 SOLAR is a premium range, developed specifically for applications where cycling is required. It has extraordinary energy-saving features in addition to robust reliability, proven for decades in many installations worldwide. Exceptional cycling performance - 3000+ cycles* at 60 % Depth of Discharge C10; Dryfit Gel - VRLA ...

The Sonnenschein SOLAR BLOCK battery range is very powerful and reliable in rough application conditions. This range is the ideal energy source for medium industrial solar systems, holiday and weekend houses, wind power stations, as ...

Sonnenschein valve regulated lead-acid batteries are premium long life batteries with a strong track record in solar power and renewable energy applications. The dryfit gel technology developed by Sonnenschein provides a reliable maintenance-free and leakage-free construction.

The Sonnenschein SOLAR BLOCK battery range is very powerful and reliable in rough application conditions. Manufactured in Germany. Key Features:-Excellent cycling performance: 1200+ cycles at 60%

Sonnenschein solar battery CuraÃ§ao

DOD-Dryfit GEL: VRLA technology-Robust Design: resilient in harsh conditions-Completely recyclable: low CO2 footprint-Warranty: 1 years + 1 year ProRata
