Who are gas cage shop?

Gas Cage Shop are the UK's leading supplier of gas cylinder storage cages, gas bottle cabinets, gas cylinder enclosures and gas bottle trolleys. All of our products are manufactured to the highest standards and at the lowest prices in the UK.

What makes a good gas cylinder storage cage?

Heavy-duty steel construction for Gas Cylinder Storage cages. Option of sliding or hinged access doors - fully lockable. Mesh gates and ventilation panels ensure adequate ventilation and prevent a build-up of potentially explosive gas leaks. Non-slip galvanised floor & ramp. Firewalls are supplied where required.

Can cylinders of incompatible gases be stored in the same store?

Cylinders of incompatible gases can be stored in the same store by employing a fire-rated segregation wall. Empty cylinders can be segregated from full containers and are clearly labelled. If stored externally, weather-proof roofing is required to protect cylinder fittings from rainwater.

Does gas vault have a structural warranty?

Full structural certification and a 10-year structural warranty are available on Gasvault units. All cylinders are stored upright and secured with chain restraints. Open mesh panels prevent the accumulation of harmful/explosive gases. Cylinders of incompatible gases can be stored in the same store by employing a fire-rated segregation wall.

Can a gas vault be fitted with ATEX equipment?

Each Gasvault can be fitted with a glass reinforced plastic ramp. All of our Gasvault's can be fitted with a range of ATEX Equipment including lights, switches, control panels, etc. Every one of our Gasvault's can be fitted with forklift channels and roof-fixed crane lifting points to allow for easy unloading and relocation if required.
