

Storage system manufacturer Vatican City

Storeganizer is a lean and 100% maintenance free warehouse storage solution without annual service contracts or long and complicated integration procedures, bringing down the total cost of ownership and making it the preferred solution ...

Part of a manuscript scan from the Vatican Apostolic Library. Lower-resolution copies live on two storage systems in Vatican data centers. One is a Dell-EMC Isilon scale-out NAS, with over 4 petabytes of capacity split ...

Ebil Tech is a Chinese supplier and manufacturer of storage equipment and system solutions, which can provide storage system solutions to various companies and institutions in Vatican city. If you are a customer in Vatican city, you can directly contact us.

During the summer season, temperatures in Raphael's Rooms at the Vatican Museums in Rome can soar as high as 40°C. The Vatican Museums team decided to install a new air-conditioning system which was a challenge, as space was limited and the system had to be implemented without impacting any of the historic elements within the rooms.

Treston storage systems are modular and easy to use. The product family includes shelves, cabinets, bins, drawers, and perforated panels. Any type of industrial workspace can be organized with Treston storage products.

Not only registers and volumes, bundles and file folders, files and boxes, but also single documents, are housed in the various protected storage areas of the Archivio Apostolico Vaticano. Parchments are stored flat in special acid-free cardboard cases in large sliding drawers and kept in two special climate and humidity controlled storerooms.
