With Sunphase Solar Energy's commendable expertise in the solar sector,we are confident to lead your way to a sustainable future with complete solar experience through our solutions. Why Sunphase Solar?

How much does solar cost in Nicaragua?

Solar obviously changed our bills, average is around \$10 per month instead of \$150. But even better is we don't notice the power outages anymore. I previously worked with the "best rated" Nicaraguan solar company and the workmanship and professionalism was not even close to Nicamisol's.

What is sunphase Primax?

Sunphase Primax showcases a thin profile double-glass constructionthat yields higher power and superior aesthetics that are a perfect complement to roofs,carports,and canopies. Primax uses a highly scalable process to deliver high-output solar power at a very competitive Levelized Cost of Energy (LCOE). (Products: SPH-DEG18C.20)

"Explore top solar panel manufacturers in Nicaragua, key supply chain centers, and essential fairs for a sustainable energy future." Nicaragua, a country with an abundant source of sunlight, has become a vibrant hub for solar energy.
