MET Group is an integrated European energy company, headquartered in Switzerland, with activities in natural gas and power, focused on multi-commodity wholesale, trading and sales, as well as energy infrastructure and industrial ...

METI is building bridges: across liquid and illiquid markets, traders, originators, sales and asset operators, across professionals coming from different cultures, across physical assets and commercial optimum, across different commodities - in a highly complex and turbulent energy market environment.

Founded in 2010 in Zug, Switzerland, MET Zug AG has grown to become a trusted name in European energy and commodity trading. As a wholly owned subsidiary of Energcom Ltd, our global operations and assets span major markets worldwide, ensuring diverse and reliable access to critical resources.

MET Group was founded by Benjamin Lakatos in 2007 as an unlisted joint-stock company. MET Group has been present in Zug, Switzerland since 2011. In early 2016, the annual gas trading volume reached 16 BCM (3.8 mi ). MET Capital Partners AG - a company owned by Benjamin Lakatos - acquired the MET stocks in a 2018 management buyout with financial capital obtained from the Dutch ING Bank. In January 2020, Keppel Energy Switzerland acquired a 20 per cent st...

At MET Zug AG, we specialize in the global trading of energy commodities, ensuring reliable sourcing and delivery of crude oil, petroleum products, LPG, and natural gas. Our strategic partnerships and industry expertise allow us to meet the ...

MET Group is an integrated European energy company, headquartered in Switzerland, with activities in natural gas and power, focused on multi-commodity wholesale, trading and sales, as well as energy infrastructure and industrial assets.

Switzerland-based MET Group announces the acquisition of Comax, an independent producer of electricity which, after investing in combined heat and power generation, directed its attention to battery energy storage systems (BESS).
