with the trustworthy, reliable, and guaranteed badge. ...

In Switzerland, renewable energy is predominantly used to produce electricity (80%). While the share of solar power in Switzerland's total production mix is still low, it has increased in absolute terms more than any of the other "new" renewables. This trend is continuing as regards both private consumer and industrial use.

Socal energy upgraded my windows to energy efficient windows. We are happy how it came out. We love the delta frost glass for privacy and tinted windows and doors at the front of the condo. Frank walked us thru A to Z, whatever he promised was done to our expectation. Well recommended. Thanks again!
