This is the first time that Sharp Corporation or one of its subsidiaries has entered the business of selling power to private companies. Under a PPA *3, customer companies signing contracts with the new joint venture will be able to have a solar power system installed with zero initial investment and use solar-generated power at a reduced rate.

In addition to providing customers with energy solutions to meet their needs, the new joint venture will enable Sharp to strengthen its capability to offer rooftop solar power systems, for which demand is expected to grow for buildings such as factories and commercial facilities.

SHARP - a company known worldwide for its unique one-of-a-kind products and solutions. We create energy in an environmentally friendly way and use it wisely to enable a more comfortable lifestyle, making a positive contribution to society on a global scale. Our challenge is to create products and solutions that can benefit people's lives.

OUR PRODUCTS Using breakthrough technology, made possible by over 55 years of proprietary research and development, Sharp's solar modules incorporate an advanced surface texturing process to increase light absorption and improve efficiency.
